# Our Love Story

We are a husband and wife team .  
See it's quite simple we had a dream.

The Nut Farm is more than a building made bricks and steel.  
We want you to feel that special feeling you feel.

We want you to have a jolly good time.  
On your special day in this special place we designed.

In a true Dr. Seuss fashion.  
We will end this with a quirky quote from him as you can imagine.

"We are all a little weird and life's a little weird, and when we find someone whose weirdness is compatible with ours, we join up with them and fall in mutual weirdness and call it love."

— Dr. Seuss

## The Venue

# THE VENUE

## *the Chapel* Outside

This is ideal for the bridal couple that want to connect more with nature. The outside area offers spectacular views of the pecan trees and the mountain range. We do not recommend this chapel for rainy days, as everything is open-air.

## *the Chapel* Inside

The inside chapel is situated on the second floor of the reception area. You will have a stunning view out of our big window overlooking the famous Hartbeespoort Dam.

## *the Reception*

The reception is the area where most of the wedding will take place and this is why most of the magic happens here. The braai area and wood burning pizza oven forms part of the reception. As South Africans we know the enjoyable atmosphere of a braai vibe. The multiple doors offer a spacious feel, but also invites nature inside. The spacious double volume canvas is perfect for any bride to paint her perfect day.
